CORPORATE PRESS RELEASE

TSG acquires Liberty Communications, L.L.C.

Technology Solutions Group, Inc. completes its acquisition of Chicago-based Liberty Communications, regional Avaya-loyal SMBS specialist.

For Immediate Release: 1-June-2008

AURORA, IL - Technology Solutions Group, Inc. (TSG) today announced the completion of the acquisition of Liberty Communications, L.L.C. headquartered in Chicago IL. Liberty Communications focuses on voice and data communications solutions for small-to medium-sized businesses in Illinois and surrounding areas. Founded in 2000 by Chuck Romero and Carlos Benitez, Liberty has been a leading Avaya Business Partner regionally. The acquisition solidifies TSG as the area's premier Avaya Business Partner and communications solutions provider.

"We are very excited to join the TSG family. This move will allow us to better serve our customers and broaden the product lines we offer," said Chuck Romero, co-founder of Liberty. "The communications industry is rapidly evolving so the ability to stay at the forefront of technology and deliver consistent service to our clients is key. Joining TSG will allow us to do just that."

"TSG shares our passion for customer service. Their company values are right in line with ours and that will allow a seamless transition of our employees and customers to TSG," said Carlos Benitez, co-founder of Liberty Communications, L.L.C.

Existing relationships Liberty customers have with their account managers will continue without interruption. Additionally, these customers can look forward to increased flexibility and responsiveness thanks to TSG's additional manpower and expertise. As customers' needs change, they can turn to TSG for future solutions, end-user training and support that will continue to add value to their businesses.

"TSG is very pleased to welcome the very talented and customer-focused employees of Liberty. This is a great opportunity for both businesses to continue to grow, but more importantly it affords additional resources and enhanced capabilities for our small-to-medium business customer bases," said Kevin J. Isenhardt, President of Technology Solutions Group, Inc.

About Technology Solutions Group Inc.

Technology Solutions Group, Inc. (TSG) is a national communications solutions provider and was founded in 1999. TSG serves voice and data communications needs of companies of all sizes, from multi-location, national enterprises to single-office, small-and medium-sized businesses. Areas of expertise include Telephony, VoIP and SIP applications, Unified Communications, Contact Centers/CRM, and Data Networking.

As an Avaya National Platinum Business Partner, TSG maintains strategic partnerships and certifications with Avaya, Extreme Networks and Juniper Networks to deliver fully-converged communications solutions.

TSG is headquartered in Aurora, IL, and operates branch offices for sales and services throughout the United States.
